

0.5000 in

A technical drawing of a semi-circular object. A vertical dimension line on the left indicates a height of 0.5000 in, spanning from a horizontal line at the top to another horizontal line at the base of the semi-circle. A horizontal dimension line at the bottom indicates a width of 1.0000 in, spanning the full width of the semi-circular base. The semi-circle is positioned to the right of the vertical dimension line.
